History: This message has been replied to and forwarded.

Kelly,

As indicated during my telephone call last week, MWH transmitted a document to you on Monday titled, "Interpretation of Groundwater Contamination in the Vicinity of the Hewitt Pit Landfill, North Hollywood, California". Due to the file size, we were unable to transmit it via email. Therefore, the document was delivered by Federal Express, including both a hard copy and CD.

I am sending this email to:

1. Ask you to confirm that the document was received; and,
2. Request that your staff review and provide comments on the document.

We are not seeking an approval, but simply your perspective of the technical aspects of the document.

Thanks,

MWH Americas, Inc.
